Usage Instructions :

Button Function :

- ◆ Press the Power / MFB button lightly to Turn ON the device, then press and hold the button again to Turn OFF the device.
- ◆ Once turned ON Single Press the Power / MFB button to switch between speed modes.

LED Indication :

- ◆ **Power on:** White light stays on
- ◆ **Low Battery indication:** White light flashing rapidly
- ◆ **Charging status:** White light flashing rapidly
- ◆ **Fully-charged state:** White light stays on

Breeze Mode :

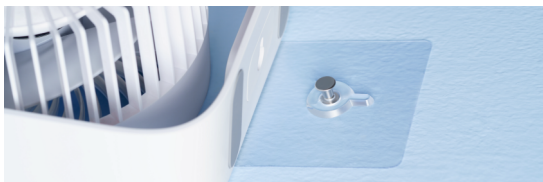

In 5th mode, the fan automatically alternates its speed between low and high at regular intervals. This continuous cycle helps create a soothing and comfortable environment, making it ideal for restful sleep at night.

Wall Mountable Feature :

This portable fan includes a convenient wall-mountable feature, allowing you to place it on the ceiling or wall as per your preference. A mounting hook is provided in the accessories for simple and flexible setup.

Installation Instructions :

- ♦ Use the included hook provided in the package content.
- ♦ Insert the hook into the slot at the bottom of the fan until it fits securely.
- ♦ Peel off the rear sticker of the mounting tape. Stick the tape firmly onto the wall surface where you plan to mount the fan. Ensure the surface is dry, clean, and smooth for maximum adhesion.
- ♦ Carefully position the fan onto the hook. Press the fan firmly against the ceiling or wall where you want it installed. Ensure the surface is clean and smooth for best adhesion.
