Charging Process

Use a 5V DC power adapter / charger to charge the **ZEB-FIT80CH** smart watch with the charging cable provided inside the package. Kindly ensure to charge the device fully before using it for the first time. The fitness watch powers ON once plugged to the charger or it can be manually powered ON by pressing the button for few seconds.
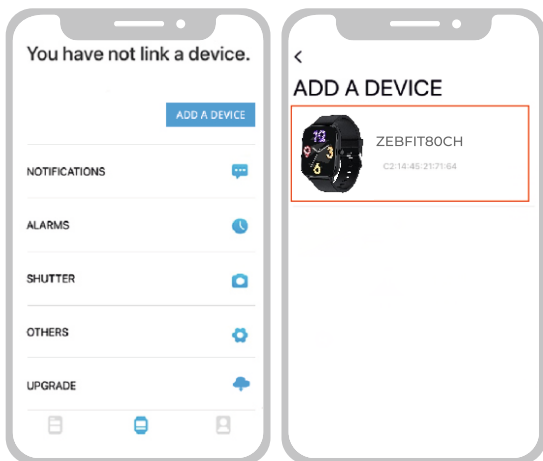

Usage Instructions:

1. Installing **ZEB-FIT 20 SERIES** app:

Download the app by scanning the QR code or search for the name **ZEB-FIT 20 SERIES** in the play store / app store. Once installed, follow the steps directed by the app interface.
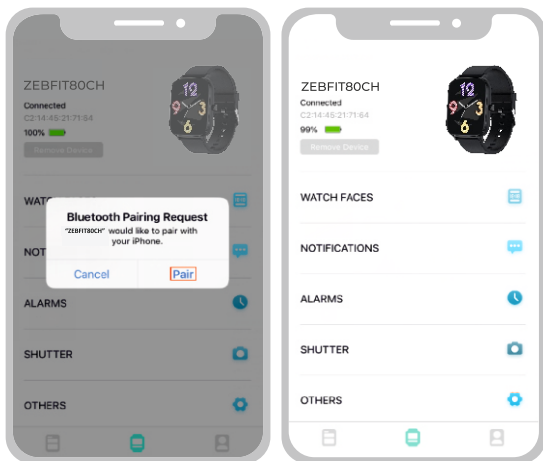

Note: Your device must support Android 5.0 / iOS 9.0 (or above) and BT version 4.0 (or above).

2. Connecting **ZEB–FIT80CH** smart watch to the app:

- Click on 'Add device' option in the **ZEB–FIT 20 SERIES** app home page.

- Select the device name **ZEBFIT80CH** from the scanned name list. While pairing, iOS devices display a BT pairing request which must be given 'Pair' to confirm and proceed. Android devices get connected directly.
- Connection successful.

3. Display and interface of **ZEB–FIT80CH** smart watch:

Once the device is powered ON and connected to the smart phone, the following are the display interface images which can be seen in **ZEB–FIT80CH** smart watch.
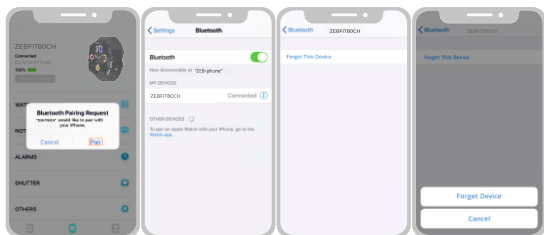

4. Disconnecting process:

• For Android based smart phones, the fitness watch can be disconnected directly from the **ZEB–FIT 20 SERIES** app interface by simply clicking on the option as shown in the below image.

• For iOS devices, once the above step is done, kindly ensure the smart watch name is disconncted from the BT menu of the iOS device, as shown below.

Note: *Do not use the fitness watch in water with temperatures above 42°c. For any repairs please take the fitness watch to the authorised service center*
