Charging process

Use a 5V DC power adapter / charger to charge the **ZEB-HYDRA** smart watch with the charging cable provided inside the package. Kindly ensure to charge the device fully before using it for the first time. The fitness watch powers ON once placed on the charger or it can be manually powered ON by pressing the crown button for few seconds

Usage instructions:

1. Installing ZEB-FIT PLUS app:

Download the app by scanning the QR code found in the watch settings or search for the name **ZEB-FIT PLUS** in the play store / app store. Once installed, follow the steps directed by the app interface.

Note: *Your device must support Android 5.0 / iOS 9.0 (or above)*

2. Connecting ZEB-HYDRA smart watch with the app:

• Click on 'Add device' option in the **ZEB-FIT PLUS** app home page

• Select the device name **ZEB-HYDRA** from the scanned name list.

• While pairing, an android devices, you need to confirm the pairing request shown in the watch .

• While pairing, iOS devices display a BT pairing requested and notification permission which must be given 'Pair/Allow' to confirm and proceed.
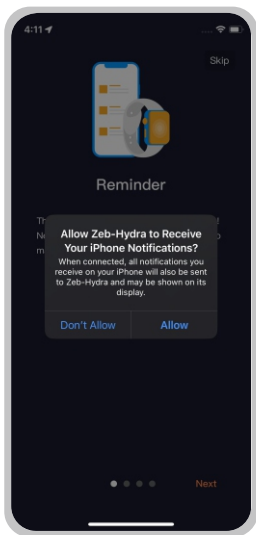

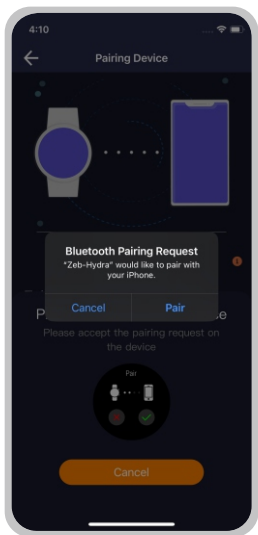

### 3. Call function (via BT) – connection and us

- The secondary BT request will be shown automatically as soon as the initial pairing is done on your mobile device.

- If the secondary BT is not connected automatically on your smart phone, then you can open your smart phone's BT menu and scan for nearby devices.

- Connect to the device name **ZEB-HYDRA** (these steps apply for both Android and iOS smart phones)

- Once connected, you can now use the watch dialer option and voice call function (via BT)
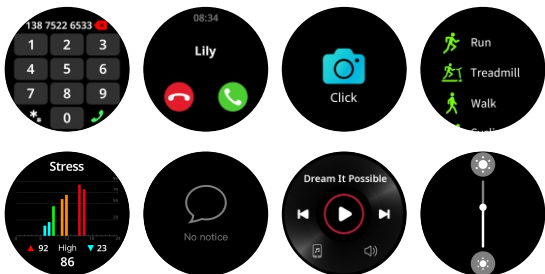

- You can also manually add contacts from your Smartphone by going to the "Phonebook" option on the **ZEB-FIT PLUS** app.

4. Display and interface of ZEB-HYDRA smart watch:

Once the device is powered ON and connected to the smart phone, the following are the display interface images which can be seen in **ZEB-HYDRA**
5. Disconnecting process:

• For Android based smart phones, the fitness watch can be disconnected directly from the ZEB-FIT PLUS app interface by simply clicking on Device Symbol > scroll to bottom > Click Unpair > confirm.

• For iOS devices, once the above step is done, kindly ensure the fitness watch name is disconnected from the BT menu of the iOS device.
