ZEB Pixa Play 13

User Manual

www.zebronics.com

Dear Customer,

Thank you for purchasing the **ZEB-Pixaplay 13 LED Projector**. Please read the user manual carefully before usage & save it for future reference.

Note:

• To provide a stable power supply, kindly use the cable provided with the product and connect to a DC 19V 2.5A power source.

• Avoid the self-disassembly of the product as it results in the failure of Warranty.

• Avoid looking directly at the projector lens while it is active.

• Make sure that the projector's air vents are not blocked while in use. The device must be kept in a well insulated surrounding for proper functioning.

• It is recommended to power OFF the projector after a continuous usage of 6 hours.

• Place the projector away from water or other liquids. Avoid water accumulation and ensure good ventilation.

• In case of enquiry regarding the projector, email us at enquiry@zebronics.com or contact us at 044 4000 0004.

Features:

• Home Theater Projectors for Movies, TV & Gaming etc.
• Projector comes with VGA, AV IN, AUX OUT, USB, HDMI
