ZEBRONICS

Smart LED Projector

PixaPlay®73

User Manual

www.zebronics.com

Dear Customer,

Thank you for purchasing the **ZEB-Pixaplay 73 Smart LED** Projector. Please read the user manual carefully before usage& save it for future reference.

Note :
*• To provide a stable power supply, kindly use the cable provided with the product and connect to a **(AC100V-240V)** power source.*

•Avoid the self-disassembly of the product as it results in the failure of Warranty.

•Avoid looking directly at the projector lens while it is active.

• Make sure that the projector's air vents are not blocked while in use. The device must be kept in a well ventilated surrounding for proper functioning.

• It is recommended to power OFF the projector after a continuous usage of 6 hours.

• Place the projector away from water or other liquids. Avoid water accumulation and ensure good ventilation.

• In case of enquiry regarding the projector, email us at enquiry@zebronics.com or contact us at 044 40000004.
