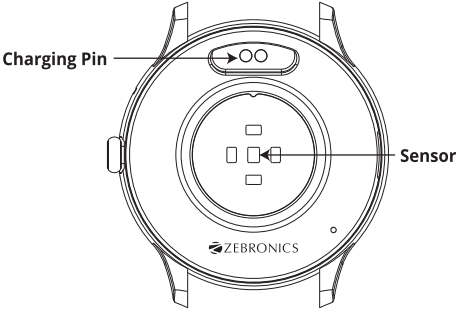
Product Representation:



Charging process:

Use a 5V DC power adapter / charger to charge the ZEB-FIT S2 smart watch with the charging cable provided inside the package. Kindly ensure to charge the device fully before using it for the first time.

The fitness watch powers ON once plugged to the charger or it can be manually powered ON by pressing the button for a few seconds.

Usage instructions:

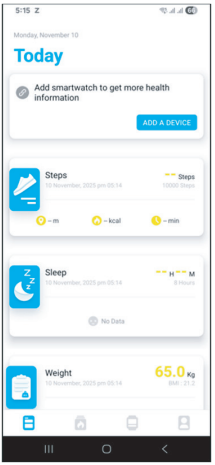
1. Installing ZEB-FIT 20 SERIES app:

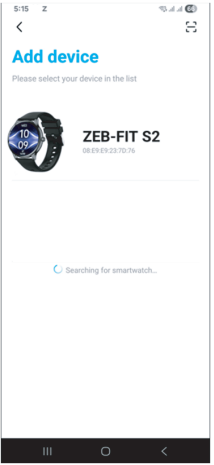
Download the app by scanning the QR code or search for the name ZEB-FIT 20 SERIES in the play store / app store. Once installed, follow the steps directed by the app interface.

Note: Your device must support Android 5.0 / iOS 9.0 (or above)

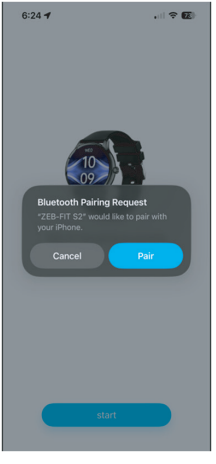
2. Connecting ZEB-FIT S2 smart watch to the app:

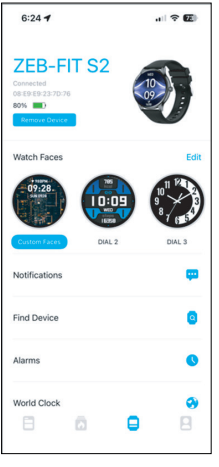
• Click on the 'Add device' option in the ZEB-FIT 20 SERIES app home page.





• Select the device name **ZEB-FIT S2** from the scanned name list. While pairing, iOS devices display a BT pairing request which must be given 'Pair' to confirm and proceed.Android devices get connected directly.Connection successful.





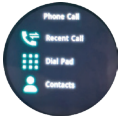
3.Call Function (via BT) - connection and usage:

• Your watch will always be available in BT Mode Turned On.

• Now open your smart phone's BT menu and scan for nearby devices.

• Connect the device name ZEB-FIT S2 (these steps apply for both Android and iOS smartphones)

• Once connected,you can now use the watch dialer option and voice call function (via BT).



4.Display and interface of ZEB-FIT S1 smart watch:

• Once the device is powered ON and connected to the smart phone, the following are the display interface images which can be seen in **ZEB-FIT S2** smart watch.

5.Disconnecting Process:

• For Android based smart phones, the fitness watch can be disconnected directly from the ZEB-FIT 20 SERIES app interface by simply clicking on the option as shown in the below image.

• For iOS devices,once the above step is done,kindly ensure the fitness watch name is disconnected from the BT menu of the iOS device,as shown below.
