## Product Description:

- ① Touch Switch
- ② Type C Charging Port
- ③ Charging & Switch Indicator
- ④ Replaceable Plastic Nibs

## Procedure :

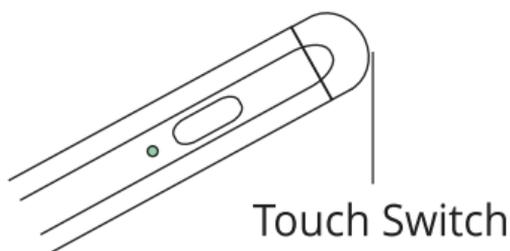

- Make sure your iPadOS version is 12.2 or above.
- The Stylus PRO MAX is compatible with Android, iPhone & other compatible devices.

For iPadOS :

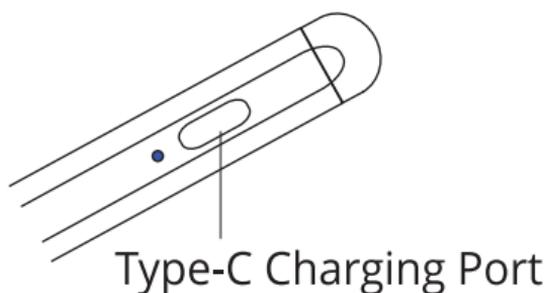

Go to → settings → Apple Pencil → Turn OFF  
"Only Draw with Apple Pencil"

### **Instruction to Use :**

- Tap the sensor switch on the tail to turn it on, the indicator light turns green, and the Stylus turns on the iPad dedicated mode. At this time, it can be used on the designated iPad device.

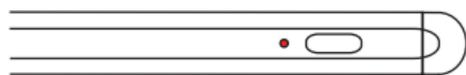

- Touch the switch again, the blue light turns on, and the Stylus enters the general mode. At this time, it can be used on any capacitive screen device. Touch the switch again to turn off the Stylus.

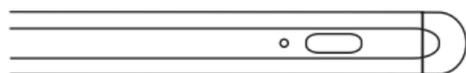

## Charging Instructions :

- Insert the Type-C charging cable into the charging port of the Stylus, and the indicator light is red to indicate normal charging.

- After the charging is full, the indicator light is off, and the charging cable can be unplugged when the charging is completed.

## Replacing the Tip:

(Remove)  
Twist the pen tip to remove

(Install)  
Screw it gently
