**Attaching The Clips**

**Removing The Clips**

## Cleaning the Trimmer After Usage:

1. Use the brush to clean the hair from the trimmer head.
2. Avoid the usage of water and other cleaning liquid or solvents for cleaning the trimmer.

### **Charging Instruction:**

The trimmer can be charged with the charging cable that is provided with the product. Connect the USB connector of the charging cable to the USB port of the DC5V charging adapter and the type-C end of the charging cable should be connected to the type-C charging port of the trimmer. The LED indicator blinking indicated the charging of the product. Upon full charge, the LED indicator glows constantly.

### **Travel Lock:**

Travel lock feature limits the trimmer from getting accidentally ON for the single press of the power button.

To enable Travel lock - please follow the instructions below

\* Press and hold the Power button - the display will count 1,2,3.

\* Now the travel lock is enabled and the display will show the lock symbol whenever the power button is pressed

To switch back from travel lock -

\* Press and hold the power button - the display will count 3,2,1.

\* The trimmer will be restored to working mode.
