Product Representation :

1. Trimmer Head
2. MFB Button
3. LED Display
4. Multistage Guide Comb
5. Type-C Charging Dock
6. Cleaning Brush
7. Type-C Charging Cable

Usage Instructions:

1. Fully charge the trimmer before every usage for better performance.
2. Add or remove the guide combs as per the levels of trimming needed.
3. Press the power button to switch the trimmer On/Off.

Cleaning the Trimmer after Usage:

1. Kindly remove the trimmer head from the socket.
2. Use the brush to remove the hairs from the blades of the trimmer head.
3. Also, clean the head socket of the base with the brush to clean the hair particles.
4. Avoid the usage of the water or other cleaning liquid / solvents for cleaning the trimmer.

Charging Instruction:

The trimmer can be charged with the charging cable that comes with the product. Connect the USB connector of the charging cable to the USB port of a DC5V charger and the other end to the trimmer. The LED display shows the battery percentage.

Charging Instruction via Charging Dock:

Plug the trimmer into the Type-C Charging Dock and Connect the Type-C Charging Dock with the provided cable.

Now, connect the USB connector of the charging cable to the USB port of a DC 5V charger and the other end to the trimmer. The LED display shows the battery percentage
