## Product Representation

## **General Instruction:**

### **Button Controls:**

- Long press “MFB or Power button” to On/Off
- Single press “+” button: Increase Volume
- Single press “-” button: Decrease Volume
- Single press “MFB or Power button” to Play/Pause, Answer/Hang up the phone call
- Long press “+” button for Next Track
- Long press “-” button for Previous Track
- Long press “MFB” until you hear a single beep to activate Voice Assistant function
- Double press the “MFB” to switch between the Gaming/Music mode
- Single press ANC button to activate / deactivate ANC function

### **Bluetooth Mode:**

- The headphone enters BT mode as soon as it is powered ON. (Refer LED indication and make sure aux is not connected already)
- Now search for nearby BT devices in your audio source device.
- Tap on the BT name **“ZEB-AEON”** to pair.

### **Dual Pairing Mode:**

- Pair the headphone with one device and do not unpair, now turn off the BT on the first device and pair the headphone with the second device.

- Now you can turn on the first device and the headphone will automatically pair with the first device (if your device is compatible) else tap on ZEB-AEON in the BT settings on your first device.

### **AUX Mode:**

- Connect one end of the 3.5mm aux cable to the headphone and connect the other end to any compatible audio source device. (Example: Mobile, Tablet, Laptop, Desktop Computer, etc)
- Media controls can be done via the audio source device. (Make sure to power on the headphone to use BT mode after removing the aux cable)

### **Gaming Mode (Low Latency):**

- Double press the Play/Pause button to enable gaming mode and repeat the process to enter into music mode.

### **Voice Assistant Support:**

- When the headphone is connected with a smart phone, long press the power button for 2 seconds to activate the phone's voice assistant function.

## **LED Indication:**

- Charging – Constant Red LED glows
- Full Charge – Red LED goes OFF
- Bluetooth Discover Mode – Blue and Red LED blinks rapidly
- Bluetooth Connected – Constant Blue LED, then LED goes off
- ANC – Green LED glows when activated and goes off when disabled.
