General Instructions
BT connectivity
• Switch the source to BT mode
• Turn on BT on your mobile and scan for nearby BT devices.
• Tap on "**ZEB-GLOW BOX 8B**" to connect.

USB/mSD Mode
• Insert the USB/mSD card into the slot provided on the speaker
• The speaker will automatically detect the USB/mSD card and the supported audio content will be played from it.
Note: This mode isn't selectable on the speaker or remote control unless a USB/mSD flash card is connected

FM Radio
• Switch the speaker to FM mode
• Short press the Play/Pause button to scan the available FM channels.
• Once the scanning is done, the first scanned channel will start playing.

AUX-In
• The speaker can be connected to an audio source using a 3.5mm to 3.5mm cable.
• Connect one end of the cable to the AUX-In port on the speaker and the other end to an audio source.
• The audio from the source can be played through the speaker.

Recording Function

• First plug-in a USB/mSD flash card which will act as a storage device into the slot provided on the speaker.

• Press the **REC** button on the remote to start the recording.

• Press the **REC** button again to stop the recording.

• Long Press the **REC** button in the speaker to play the recorded file.

TWS Function:

When two speaker are in BT mode, Long press Play/Pause button of one speaker to enter TWS mode, it will search automatically, when two speakers connected successfully, you can control two speakers at the same time.

*Note: Requires another **ZEB-GLOW BOX 8B** for true wireless stereo setup.*

Charging Indication:

• Connect the provided power adapter to the power supply and connect the other end to the speaker's charging input port.

• Red LED glows, indicating that the battery is being charged.

• Once the speaker is fully charged, the blue LED glows.
