## Instructions for Use:

### Charging the Speaker

Connect the one end of the power cable to speaker and connect the other end to a rated **DC 5V 1A** adapter. The Speaker has constant Red led indication when the speaker is charging. The Indicator turns off when the speaker is completely charged.

## **BT Mode :**

Turn ON the speaker, press **Mode** button to switch to BT Mode. Switch ON BT on your phone or tablet and search for nearby BT devices, Search for the BT name "**ZEB-ACE PLUS**" and tap to connect it.

## **TWS Function :**

- Turn on two "**ZEB-ACE PLUS**" speakers.
- Double press on the **M** button for few seconds on any one speaker to activate TWS function.
- After Few seconds, you'll hear TWS connected notification from the speakers when they are connected successfully.
- Now, search for nearby BT device in your mobile and Tap on the BT name "**ZEB-ACE PLUS**" to pair the speaker.

*Note: Requires two ZEB- ACE PLUS speakers for TWS feature.*

## **COAXIAL :**

Press the **M** button to select **coaxial** mode. The speaker can be connected to an audio source using a coaxial cable. Connect one end of the coaxial cable to the speaker and the other end of the coaxial connector to an audio source.

The speaker automatically detects the input and the songs from the audio source can be heard through the speaker.

### **AUX-IN:**

The speaker can be connected to an audio source using a 3.5mm to 3.5mm cable. Connect the one end of the 3.5mm connector to the speaker and the other end of the cable to an audio source. The speaker automatically detects the input and the songs from the audio source can be heard through the speaker.

### **USB/mSD:**

The speaker automatically switches to **USB/mSD** input mode when a USB flash drive or mSD is inserted into the speaker. The songs from the audio source can be heard through the speaker (this mode isn't selectable on the speaker unless a USB flash drive or mSD is connected).

### **FM Mode:**

Press the M button to select FM mode. Long press Play/pause button to initiate FM Scanning process. Once the scanning process is done, the Speaker automatically plays the First channel of the FM.
