Instructions for Use:
Button functions

• Press the "**Mode**" button to change the input mode (BT/AUX/USB/mSD/FM/MIC-IN) of the speaker.

• Short press the "**Next**" button to change the Next track or channel when in BT/USB/mSD and in FM mode.

• Short press the "**Prev**" button to change the previous track or channel when in BT/USB/mSD and in FM mode.

• Long press the "**Next**" or "**Prev.**" button to change the volume (+/-).

• Short Press the "**Play/Pause**" button to play or pause the track being played BT/USB/mSD mode.

• Long Press the "**Play/Pause**" button to scan the available FM channels.

• Long Press the "**Play/Pause**" button in BT Mode to disconnect a paired device.

General Instructions:
BT Mode:

Power ON the speaker, press "**Mode**" button to switch to BT Mode. Switch ON BT on your phone or tablet and search for nearby BT devices, Search for the BT name "**Zebronics**" and tap to connect it.

USB/mSD Mode:

The speaker automatically switches to USB/mSD input mode with the LED display when a USB/mSD card is inserted (this mode isn't selectable on the speaker or remote control unless a USB/mSD card is connected).

Ensure that your USB/mSD card contains MP3 audio files (other file types not supported).

FM Radio:

Switch the speaker to FM mode. In FM mode, long press the **Play/Pause** button in the control panel or use the **SCN** button in the remote to scan for the available FM channels. Once the scanning is done, the scanned channels will begin to play. Use Next/Previous button on the control panel or remote can be used to change the FM channels.

AUX-IN:

The speaker can be connected to an audio device using an RCA to 3.5mm cable. Connect the one end of the cable to the speaker and the other end to an audio source. The songs from the audio source can be heard through the speaker.

Instructions for Mic Settings:

Press & Hold the EQ button on the remote control to enter Mic settings.

1. In Mic settings, the following setup will appear on the LED display (press & hold again to switch between the Mic settings)

2. To adjust Mic Echo, Press & hold EQ it'll direct you to ECHO volume "E", now short press 'Vol+' or 'Vol-' button on remote control.

3. To adjust Mic volume, Press & hold EQ twice it'll direct you to MIC volume "M", now short press 'Vol+' or 'Vol-' button on remote control and also you can use Mic volume control Knob.

4. To change the Mic priority, Press & hold EQ thrice it'll direct you to PRIORITY setting "C", now short press 'Vol+' or 'Vol-' button on remote to set the MIC priority.
