• Short press the ▶▶I button - Next track / station in (BT, USB, FM).

• Short press the I◀◀ button - Previous track / station in (BT, USB/FM).

• Long press the ▶▶I or I◀◀ button - Increase / decrease volume.

• Short press the ▶II button – Play / Pause / Mute the track in (BT, USB, FM).

• Long press the ▶II button to auto scan the nearby available FM channels.

• Long press the "**Mode**" button – Standby / Power On.

**General Instructions:**
**Bluetooth Mode:**

• Turn ON BT on your audio source device and search for nearby BT devices

• Find the name **"ZEB-LEGEND PLUS"** tap on it and select pair.

• Media controls are mentioned in the above button functions.

**USB Mode:**

• The speaker automatically switches to USB mode when a USB drive is inserted.

• Media controls are mentioned in the above button functions.

**FM Radio:**
•      Long press the ▶II button on the control panel or **"Scan"** button on the remote to initiate auto scan function.
•      Once the scanning is done, the detected channels will begin to play.
•      Use I◀◀ / ▶▶I button on the control panel or remote to change the channels.

**AUX-IN:**
•      The speaker can be connected to any external audio player using the provided RCA to 3.5mm cable.
•      Connect the red & white RCA cable to the speaker's aux input and connect the other end to any audio source with 3.5mm aux output.

**Instructions for Mic Settings:**
•      Single press the EQ button on the remote to control the Mic settings.
•      The following will appear on the LED display. EH = Mic Echo, nC = Mic Volume.
•      Now press **"Vol+"** or **"Vol-"** button on remote control to increase / decrease the values.
