Dolby Atmos® Introduction

Dolby Atmos® immerses you in the latest gaming audio with three-dimensional precision, surrounding you with crisp sound.

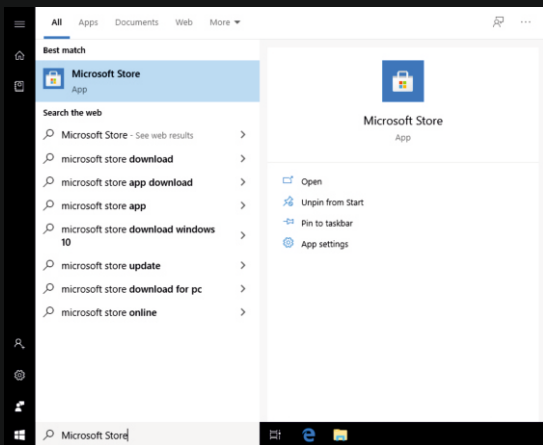

Dolby Atmos® Minimum Requirements

- ✓ Windows Operating System : Windows 10
- ✓ Architecture : x64
- ✓ 1x Microsoft Store Account

Dolby Atmos® Activation

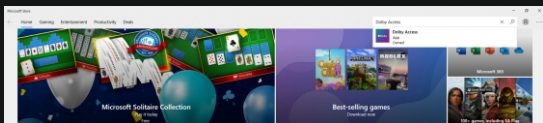

Download Dolby Access app for free from the Microsoft Store

1. Click on Start, Search **“Microsoft Store”** and Click on **Microsoft Store** Icon.

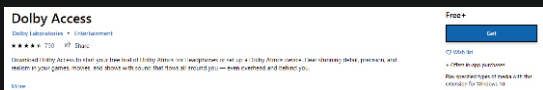

2. **Login** to the **Microsoft Store** using your Account.

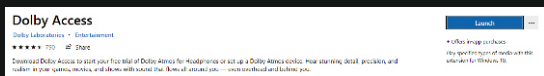

3. Once you are Logged In - Search **Dolby Access**.

4. Click on **“Get”** or **“Install”**

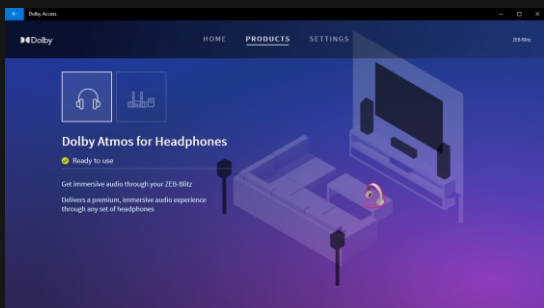

5. Once the Download is Completed, Click on **“Launch”**.

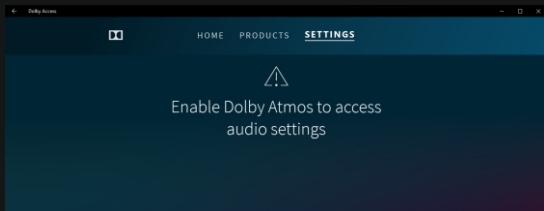

6. Plug in your **ZEB-BLITZ** Premium Gaming Headphone.

7. Skip the Demo Content (if Any).

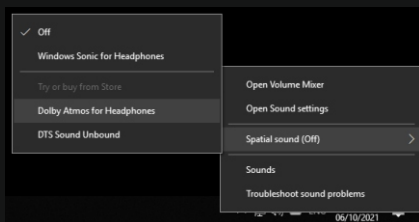

8. Once the headphone is connected, the Dolby Atmos would be enabled and the headphone would be Ready to use (as Shown in the Dolby Access app).

9. Click on **“Settings”** Tab.

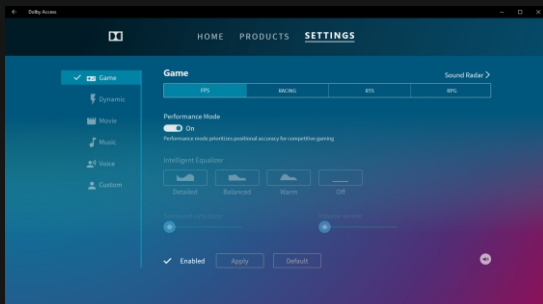

if you see this screen, follow Step 10.

10. Right Click on your **Speaker Icon** on your Desktop Tray
Select **Spatial Sound** → **Dolby Atmos for Headphones**.

11. Once Done - Go to Dolby Access "Settings" Tab and Personalise Required Configuration.

ZEB SoundMX

ZEB-Blitz Premium Gaming Headphone comes with “ZEB SoundMX” Software.

You can download the driver from the below link,

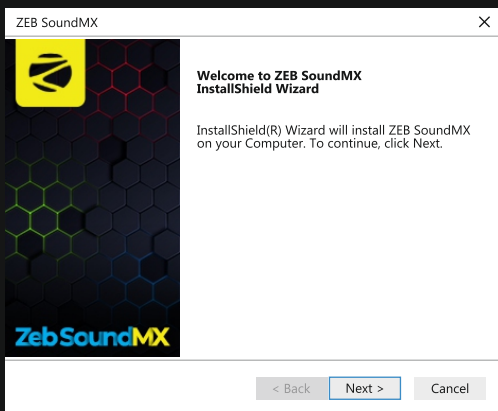

<https://zebronics.com/pages/drivers>

You can use ZEB SoundMX Software to create 7.1 Virtual Surround Sound for your Game.

Installation

Note : Keep the headset plugged into computer's USB Slot while installing.

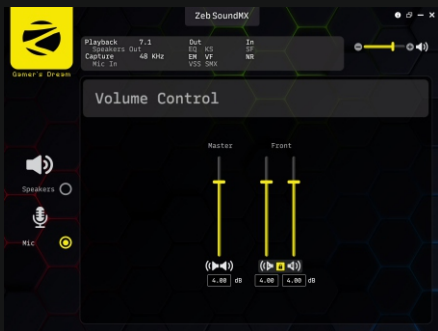

Step 1 : Click “**Next**” and Follow instructions to Start Installation.

Step 2 : Click **“Finish”** to Restart the System before you Start using the Software.

Speaker Customization

Note: ZEB-SoundMX and Dolby Access will not function together at the same time. If you need to use Dolby Access in windows 10 and above then make sure that ZEB-SoundMX is not installed. If you install ZEB-SoundMX then Dolby Access will be disabled. You can use the ZEB-SoundMX software in windows 7 and above.
